Mrs. Lee	Robotics Gr. 1-3	Robotics Gr. 2-4	Robotics Gr. 2-4	Scratch Programming Gr. 4-7
Mrs. Nimmer	Run4Fun Gr. 3-7		What a Novel Idea! Gr. 4-7	

Achieve 3000
Current Grades: 3-5
Summer reading is the best! Stay on target and move forward with your reading and writing skills to get ready for the new school year!

American Girls
Current Grades: 1-2
Students will learn about American History and today's world through the American Girl Dolls. We will make crafts for our dolls, play games, make snacks, read books, and watch videos. Come explore the world with American Girl!

Art Fun
Current Grades: 1-2
Do you like painting, coloring, drawing, and making crafts??? If you do, then this course is for you! We will be doing a little of everything and having a lot of "art" fun. *Special note: a pair of white socks and a white t-shirt will be required for a tie-dyeing project.*

Computers for Kids
Current Grades: 1-2
Embrace the technological future! Play several interactive reading and math games, while also learning new programs. Create a PowerPoint about you and design a t-shirt of your very own!

Games, Games, Games
Current Grades: 1-2
Games are always a lot of fun. Take this class and learn to play some of the best board games, computer games, team games, and outdoor games!

Getting Ready for Kindergarten
Current Grades: 4K
This class will focus on the language, motor, and social skills necessary to succeed in kindergarten. A variety of academic and fun activities will be used to help prepare students. This is a four-hour class. Recommended students get first preference.

Getting Ready for 1st Grade
Current Grades: 5K
A variety of activities will be used to strengthen and improve the academic and social skills of kindergarteners to better prepare them for first grade. The activities will focus mainly on reading, writing, and math skills. This is a four-hour class. Recommended students get first preference.

Getting Ready for 2nd Grade
Current Grades: 1
A variety of activities will be used to strengthen and improve the academic and social skills of first graders to better prepare them for second grade. The activities will focus mainly on reading, writing, and math skills. This class is two hours. Recommended students get first preference.

Getting Ready for 3rd Grade
Current Grades: 2
A variety of activities will be used to strengthen and improve the academic and social skills of second graders to better prepare them for third grade. The activities will focus mainly on reading, writing, and math skills. This class is two hours. Recommended students get first preference.

Get Fit
Current Grades: 1-2
Learn about maintaining a healthy lifestyle and good eating choices. Plan on participating in some fun and physical activities at the same time!

Keyboarding
Current Grades: 3-7
Learn how to type using keyboarding software. This class will focus on learning the keys of the keyboard, proper fingering position, speed, and accuracy. What a great way to prepare for the technological future!

Lego Mania
Current Grades: 3-5
Start "building" a great summer with Lego Mania. Let your imagination soar by creatively solving building challenges like a boat that floats or the highest free standing tower. If you can imagine it, we will build it. Legos will be provided; students will not bring their own Legos.

Engineering
Current Grades: 3-5
Do you want to be an engineer? Work together to plan, design, and build bridges, towers, catapults, gliders and marble mazes. You'll work together with a team on these amazing engineering and mathematical feats. Be ready to use your critical thinking skills.

Math Readiness
Current Grades: 1-2, 3-5, 4-7
Get a jump-start on the new school year by reviewing and applying basic math skills. Recommended students get first preference.

Math Games
Current Grades: 3-5
Everyone loves to play games. What a fun way to brush up on basic math skills and learn some new ones at the same time. You can "count" on this class being fun!

Once Upon a Time
Current Grades: 4-7
Students will study the elements of a fairytale genre, read and compare various types from different cultures, write their own, and perform a reader's theater!

Physical Education
Current Grades: 1-3, 3-4, 4-7, 6-7
In Physical Education, you will engage in a variety of team and individual games, with different and exciting activities planned for each day. Be sure to register early and join a winning team!

Poetry Slam
Current Grades: 4-7
Students learn about different types of poetry and write different forms of poetry - choosing one to perform at the end of the session at our Poetry Slam.

Reading Readiness
Current Grades: 1- 2, 3-5, 6-7
In this class, you will receive reinforcement of basic reading and language skills through whole-group and individual instruction. Recommended students get first preference.

Robotics
Current Grades: 1-3, 2-4
This course teaches the fundamentals of robotics using LEGO® WeDo and NXT Kits. The course is made available through a grant with the Kenosha County Extension. Each section is limited to 10 students.

Run4Fun
Current Grades: 3-7
Running a 5K is all the rage today. Why not put away the video games and enjoy the morning by learning how to be a strong, long distance runner? In this class, you will learn to develop or increase your running stamina as well as mix it up by doing pilates, yoga, and more while jamming out to some fun music.

Science
Current Grades: 1-3
Do you have a little "Bill Nye" in you? Take this class and discover a world of scientific principles through fun, hands-on activities.

Scratch Programming
Current Grades: 4-7
The perfect program for aspiring young coders! Scratch is a program built by MIT to educate young minds in computer science skills through exposure to fun, game based learning. Students use visual elements to learn some of the fundamentals that are applicable to many coding languages. (No programming experience required.)

Technology Travelers
Current Grades: 3-7
Want to get away? Plan an exciting trip to a dream location using the Internet, digital cameras, and productivity software. In this class students will create a brochure, passport, postcards, tickets, and an electronic scrapbook!

What a Novel Idea!
Current Grades: 4-7
Do you LOVE to read? Is one of your goals this summer to dive into one of today's popular young adult books? This class will explore language arts components of a novel through creative, hands-on activities.
